A “world stage,” stirring heartfelt feelings and promising exciting encounters.

An abundance of opportunities materialize at Tokyo Big Sight.
Our motto is to provide a safe, reliable, and comfortable environment, and service that responds to the trust placed in us. We ensure the success of your exhibition or event by promising visitors exciting encounters.

Excitement Creation Space

Tokyo Big Sight's 3 big advantages

- 1

Japan's Largest Exhibition Halls and Conference Rooms

Tokyo Big Sight boasts of Japan's largest exhibition area. The East Exhibition Halls, the West Exhibition Halls, and the South Exhibition Halls with a total floor space of 115,420 square meters, are engineered to support a broad range of exhibitions and events. Conference rooms are linked effectively to the Exhibition halls. You can select rooms by size to fit your specific conference or meeting requirements.
- 2

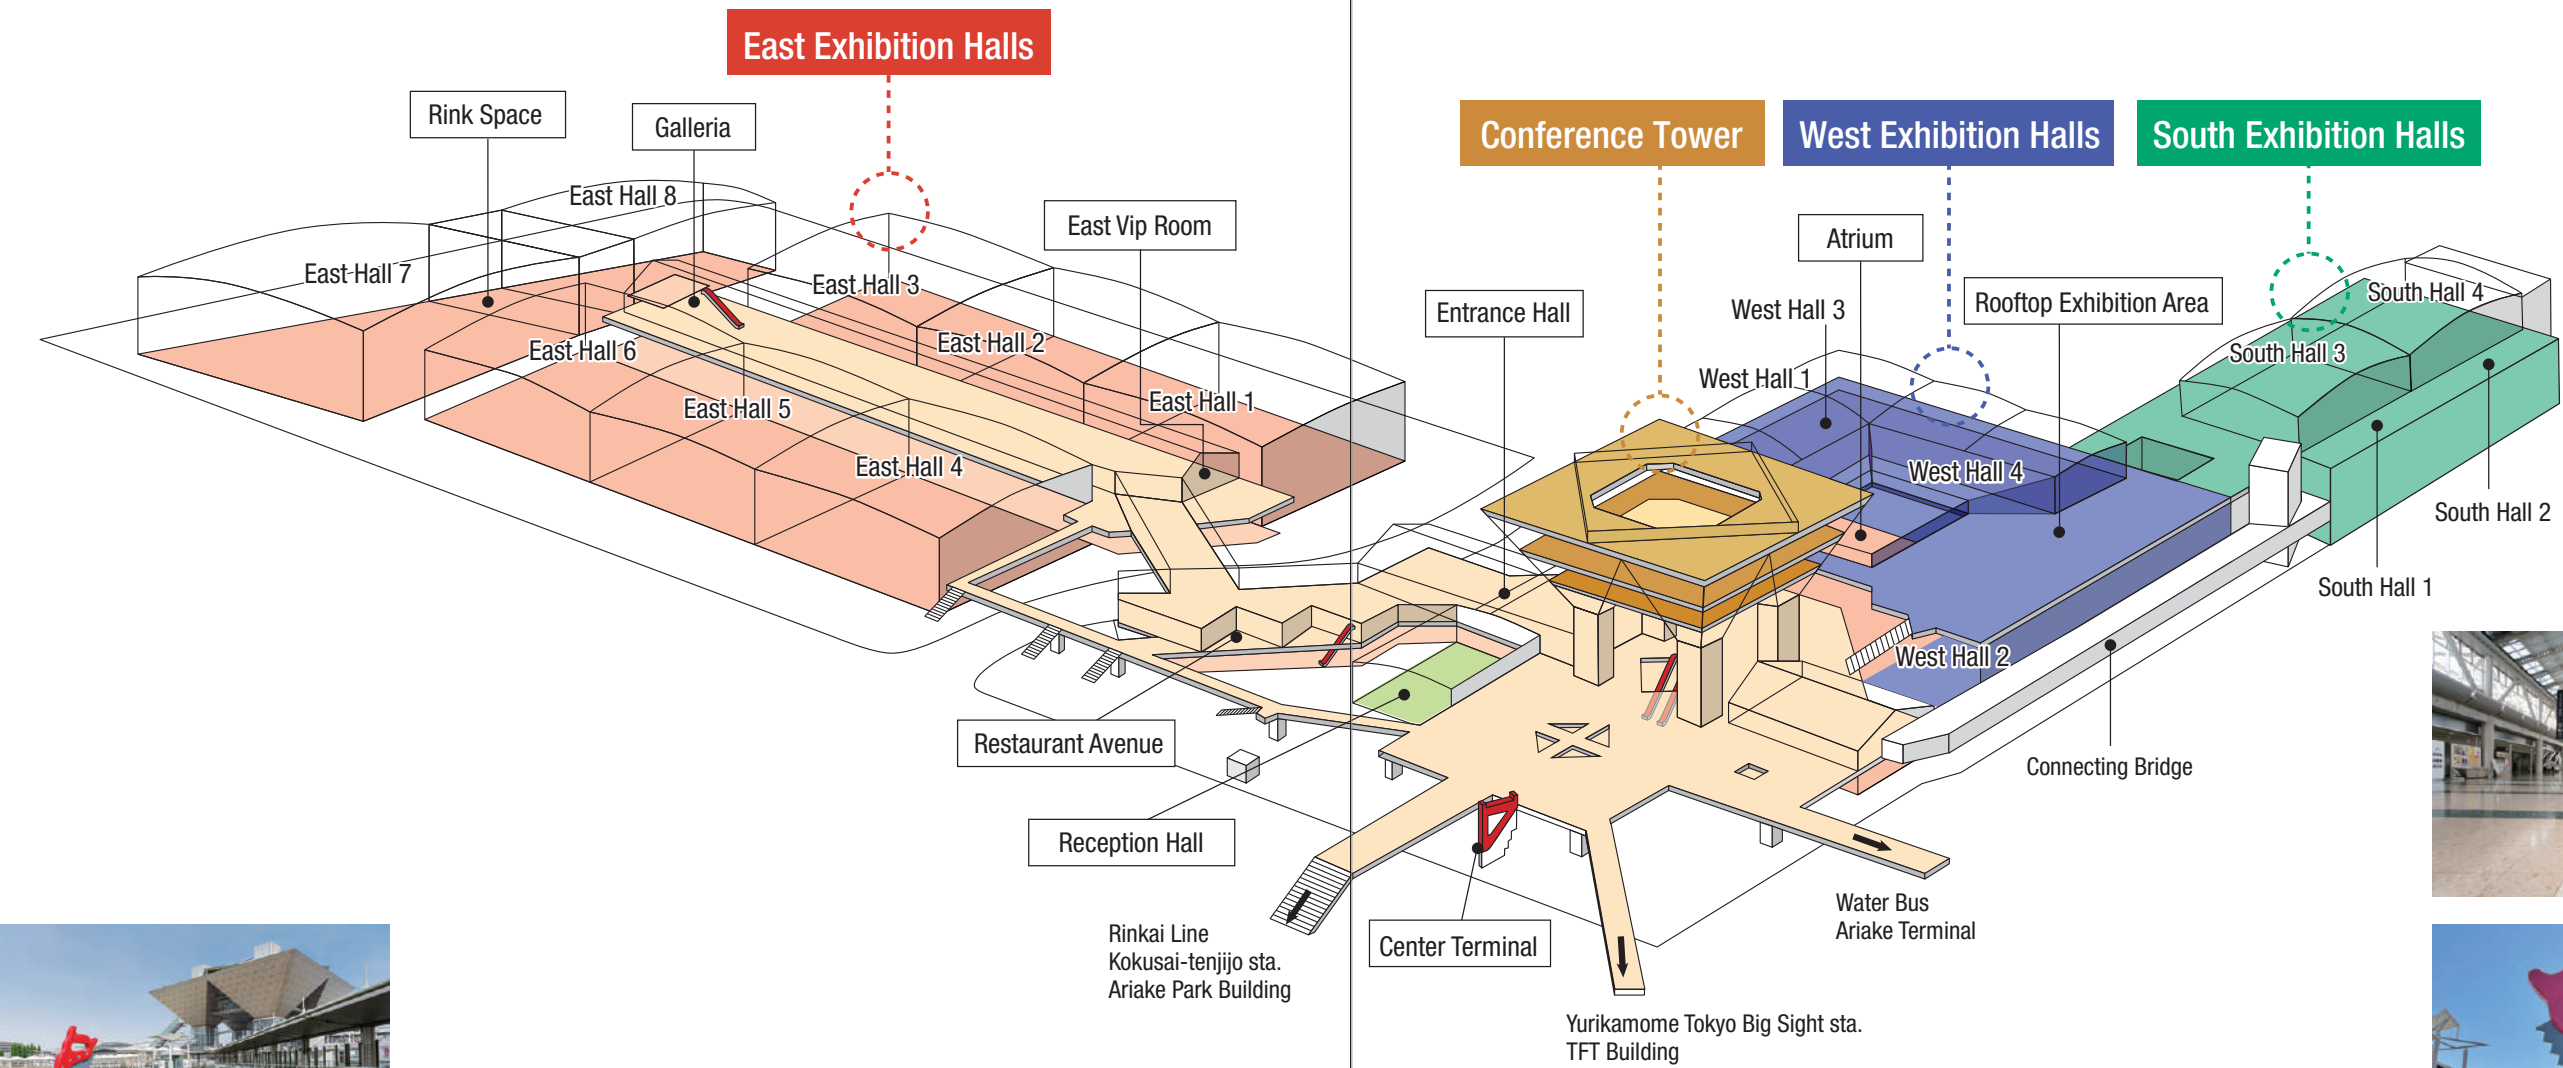

Management Support System Provides Dependability and Performance

After opening its doors in 1996, Tokyo Big Sight has built up a history and track record of management support for numerous trade fairs and exhibitions. This dependable support system, fostered over many years, is a critical factor behind the success of the exhibitions staged here.
- 3

Premier Location in Tokyo, Capital of Japan

Tokyo Big Sight is located in the Ariake part of the Rinkai Fukutoshin area along Tokyo Bay and near the center of Tokyo. Visitors can access Tokyo Big Sight readily from Tokyo and its surrounding cities, from other parts of Japan, and from overseas.

Large-scale Venue Supports All Types of Events

The East Exhibition Halls, which occupies the largest area in Tokyo Big Sight, consist of eight halls. East Halls 1 to 6 respectively has a 90 m x 90 m floor area, and three of them are lined on either side of the two-layered Galleria main walkway. It is also possible to connect two or three of the halls together by removing the movable partitions and to create a total floor area of 25,000 m². In addition, the ceiling is 31 m high (at the highest point), meaning that large-scale exhibits can be carried inside.

East Halls 7 and 8, which were newly opened in 2016, are connected through the "Link Space" that serves as a multipurpose area. East Hall 7 with a floor area of 11,680 m² is the largest hall in the facility. The Galleria walkway, a comfortable open ceiling space has a glass ceiling that lets in natural light. The space is also equipped with a moving walkway, so that visitors can easily traverse the expansive floor space where restaurants and cafeterias are lined on both sides.

Exquisite Link to the Exhibition Space

The Conference Tower is the landmark of Tokyo Big Sight. It caters to a variety of meetings with the International Conference Room having a capacity of 1,000 people, the Reception Hall, and 22 other conference rooms of various sizes.

The International Conference Room features facilities for simultaneous translation into eight languages, making it a venue for international conferences, seminars, symposiums, award ceremonies, and lectures.

The Reception Hall can be divided in half according to the size of the gathering making it ideal for various functions including parties, seminars, and exhibitions.

The small to medium sized conference rooms can be altered flexibly to suit the number of people or the type of meeting. Certain rooms offer views of the city, while others offer views of the waterfront.
