

## Promotion System of Environmental Measures

Tokyo Big Sight Inc. established the Environmental strategy meeting for the purpose of promoting the approach that considers the environment more effectively. We have Promotion System of Energy Management.

### Promotion System of Energy Management

(As of March 2012)

The Environmental strategy meeting is held 4 times a year, aims at measures for controlling global warming. Promoter is made of Energy Management control officer and it is composed of each division's directors and the energy manager. This meeting established based on Total amount reducing obligation and the law concerning the rational use of energy (Energy Conservation Law), we understand the following around the energy manager.

1. Decision of management policy of energy.
2. Setting of energy conservation target.
3. Maintenance of energy management organization.
4. Employee education.
5. Understanding of Amount of energy consumption.
